

ST. DUNSTAN'S

**Taking photographs and recording film images of children**  
**Consent form**

Within school we use photographs and film for a number of reasons. The main purpose is to celebrate the success of pupils and record learning and achievement. Photographs are used in many very positive ways around the school. Additionally, your child's image may be used outside of the school setting. Common instances may involve the promotion of the school to the local community or in competitions. Images may appear in publications used by the local authority or the media e.g. print, internet but without using the child's name.

In order to comply with the Data Protection Act 2018 a lawful basis is required before capturing images of a child. Your child's identity will not be disclosed without your consent and only if the photograph is used to celebrate individual success.

For further information, please read our school policy on Photographic and Video Use which is available on the school website.

I give consent for the school to record and use images of my child in the following ways:

In school for classwork and display purposes, including Google Classroom	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Photos to be taken by a professional photographer (such as school photos or photos of children taking part in concerts/Nativities) for parents to download or purchase.	Yes <input type="checkbox"/>	No <input type="checkbox"/>
School website and School Twitter	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Local media and the Parish Magazine (without the child's name). Including photos of our school work with charities we support such as CAFOD or the Harvest collection. Please note there may be online versions of the paper or magazine.	Yes <input type="checkbox"/>	No <input type="checkbox"/>
Live streaming from St. Dunstan's Church at Masses or other religious occasions	Yes <input type="checkbox"/>	No <input type="checkbox"/>

Please note:

- The conditions for use of images are included in the school's Photographic and Video Use Policy.
- When attending school trips I/we will not take photographs of any child unless using a school device at the request of the teacher.
- Parents are not permitted to take photographs or to make a video recording for anything other than their own personal use. Recording and/or photographing other than for private use would require the consent of the other parents whose children's image may be captured. Without this consent the Data Protection Act 2018 would be breached.
- Websites, live streaming and Twitter can be viewed throughout the world and not just in the UK.

I agree that:

- I will not post, on any form of social media, photographs of children other than my own, taken in school, without the direct, written consent of their parents/guardians.
- I will not share any passwords given to me for accessing children's photographs that the school has made available
- I will not video at any event in school or on school site.

Please note that If you have any concerns about signing this form, or wish to discuss it further, please speak directly to either your child's class teacher or the Headteacher. St Dunstan's Catholic Primary School will take all steps to ensure that images of our children are used solely for the purposes they are intended. If you become aware that these images are being used inappropriately, please contact the school to report these concerns. Consent applies to the duration of the time your child is at St. Dunstan's School. However, you do have the right to withdraw consent at any time by writing to the Headteacher.
